SUCCESS STORY

MARK

× × Mark's Journey to Independence

Meet Mark Bonis, visually impaired. Manaia Assist empowered him to create a daily routine, venture into the community, and make choices, fostering his independence. His smile now reflects newfound confidence and joy. At Manaia Assist, we believe in unlocking potential and supporting individuals like Mark to live life to the fullest. ×

At Manaia Assist, we're not just a team; we're a family committed to making a positive difference in the lives of our clients. With new talent on board and exciting activities that promote unity, we're poised to continue our mission of providing exceptional care and support.

Testimonials*

Adele

a cherished client, shares her heartfelt sentiments, stating, "I have peace of mind knowing that my daughter is managed by a great team who actually care. The manager follows up on every single important item that needs to be addressed in running the house and in caring for my daughter. And with the training from the Behaviour Support Manager, she is now flourishing."

Aleks

I am genuinely appreciative of their talent and patience for people. The Managers are just as attentive and supportive, speaking with participants as they work on highly complex plans and projects.

I admire their communication styles. I feel heard, valued and respected by them on all matters. In addition, they are great leaders with superior technical knowledge in the human services field.

The Manaia Assist team is approachable and will always put time aside to discuss things and make others feel validated thoroughly.

Margaret

× applauds our team's incredible work, remarking, "Thanks to the experience, caring, and 'Can Do' attitude within the whole Manaia Assist team, they are changing people's lives. The people I know may not be able to tell me how their day has been, but I see it in their smiles. Thank you, Manaia Assist."
